Re: Notice of File Closure for Small Mining Activities, Sunstream #1, S/043/016, Summit County, Utah

Dear Mr. Ganswich:

This letter is to notify you that file #S/043/016, for the Sunstream #1 project, located in Section 16, T1S, R7E, Summit County, Utah, will be retired from our files.

In a February 8, 1999 phone conversation with the United States Forest Service (USFS), Kamas Ranger District, we were informed that this site could not gain clearance for mining. No disturbance was at the site. As this project was to be located on federally managed lands, the Division will accept the USFS's recommendation and close our file for this project. You are hereby released from your small mining notice. Before you can conduct any mining activities you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval(s) prior to commencing any such activities.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
